

# Diabetes Brown Bag Telehealth Lunch Series

**3<sup>rd</sup> Wednesday  
of each Month  
Noon – 1:00 p.m.**

## Schedule of Events

### **March 16, 2005 – Prevention / Genetics of Diabetes By: Robert W. Day, MD (Internal Medicine)**

Dr. Day will address metabolic syndrome, the clinical implications for the increased risk of diabetes and cardiovascular disease, the public health implication of this condition, and a strategy to recognize metabolic syndrome and do something to manage it.

**CEU's offered for nursing and dietetics for all programs. I would need at least 6-7 weeks notice from participants if you would like either Continuing Education Credits for Pharmacy or CME's,**

**April 20 – Chemistry for Coping & Diabetes  
By: Laura Shane-McWhorter Pharm.D. (Univ. of Utah, Pharmacy)  
(pharmacy CEU's applied for)**

**May 18 - Glucagon in Schools – Legal Issues & Proper Administration of Glucagon  
By Steve Bieringer (Manager, Legal Advocacy-Major Projects, American Diabetes Association) and Neal Catalano, R.Ph.**

**Exercise & Diabetes - Diet & Weight Loss  
Juvenile / Pediatric Diabetes - Metabolic Syndrome/Syndrome X  
In-Patient Use of Insulin - Depression & Stress with Diabetes  
Driving Issues / Commercial Drivers License & Diabetes**

**Please use attached reservation form.
